- 25X1A 1. Comment. Incoming shipments for large military fuel depots.
- 25X1A 2. Comment. The largest ammunition depot of the Twenty-Fourth Army is located in Buckau and, in Vorwerk Eiesenthal near Finow, the ammunition depot of the Northern Fighter Corps. It is of interest that, as is indicated by the shipment on 1 December 1953, air force ammunition is also stored in the large army ammunition depot at Wilmersdorf which is also referred to as depot at Pfaffendorf or Lamitech.
- 25X1A 3. Comment. An explosive factory for the production of explosives used in uranium mining is located in the former primer factory in Schoenebeck on the Elbe River. Such shipments, which presumably consisted of basic material, have repeatedly been observed arriving from the USSR.
- 25X1A 4. Comment. Ammunition shipments between army ammunition depots.
- 25X1A 5. Comment. DERUTRA is the abbreviation for Deutsch-Russische Transportgesellschaft (German-Russian Transportation Association) which is a shipping enterprise in East Germany.
- 25X1A 6. Comment. Return to the USSR of old rocket launchers. Information on this replacement program has repeatedly been forwarded.
